2. Claims 31-33 and 49-53 are allowed.
3. The following is an examiner's statement of reasons for allowance: Reasons for allowance are given in the previous office action. Regarding the Chinese office action, the examiner is unable to infer that an ionic modification on the super absorbing polymer (such as by substituting Na with Li ions) is performed in the method disclosed in the Tanaka et al. patent (5,292,822). The outstanding objections and rejections have been overcome and are withdrawn. The examiner's amendment has been done to correct a typographical error in claim numbering.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
